BOARD'S BULLETIN BOARD

STRATEGIC PLANNING IDEAS

Over the past few weeks, those interested have met at the Links for Life office to discuss what strategic directions the organization would like to take over the next five years. We explored many ideas from one day owning a place to call "home" with sufficient safe parking to increasing services to outlying areas of Kern County to different types of out reach programs through media and marketing to promote the services offered by Links for Life. Links for Life has grown by leaps and bounds over the last few years and has become a leader in the community when it comes to Breast Health. The support of the organization has been tremendous and we thank everyone involved that is making Links for Life a caring place where women and their families can go in time of need. If you have ideas that you would like to share on the future direction of Links for Life ,please contact Jennifer Henry at the Links for Life office. 661-322-5601 Together we will continue to strengthen our "Link" as we move into the future.
